Mardi,

Speaking on behalf of the communities of Glasgow, Wolf Point, Scobey, and Malta I would like to take this opportunity to thank you again for your wonderful presentation. You were absolutely "awesome" and a simple thank you is not nearly adequate for the professional caliber of speaker you are!! The time really flew by and the music and your personality were very soothing, calming and relaxing. You seemed to have a certain way of connecting with all individuals. You talked directly to us and had wonderful examples of situations in life that were real and I believe gave all those in attendance great, educational, customer service training.

You are a professional and genuine person who I am glad to have the honor of knowing and I am sure you made a great impact on all that attended. I have heard nothing but good comments about your presentation all week long. I have even had some employers in the community call, saying they were so glad they had sent their employees. Once again, I thank you!!

I want to thank you too, Mardi for your willingness to work with our committee. It is sometimes hard to pull something like this off in a smaller sized community so all the assistance you gave us in preparation is greatly appreciated. From the very beginning of the planning stages you were there offering me help, advice, and encouragement to make this a success.

Sincerely,

Julie Hallock
